Introducing Mahindra Treo: Redefining Electric Mobility

Step into the future of transportation with the iconic Mahindra Treo – a name synonymous with innovation, reliability, and unparalleled performance in the electric Three-Wheeler sector. Since its inception in 2018 as India's pioneering e-auto, Treo has remained at the forefront of revolutionizing public transport, electrifying the landscape with its cutting-edge technology and unwavering commitment to customer satisfaction.

Driven by the ethos of continuous improvement, Treo has evolved into the nation's premier e-auto, setting new standards with each upgrade. With a diverse range of models catering to both cargo and passenger needs, Treo has not only transformed thousands of lives but has also ushered in a new era of sustainable mobility.

Now, building upon its legacy of excellence, Treo proudly introduces its latest iteration - featuring a robust metal body that enhances strength, safety, and style. With superior technology, spacious interiors, enhanced comfort, extended battery life, and increased range, the new Mahindra Treo shows the best of automotive innovation.

Embark on an extraordinary journey with the Mahindra Treo, where every mile is a testament to innovation and progress. Join us as we continue to redefine mobility, one ride at a time.

T for Technology and Performance

- Powerful battery of **10.24 kWh**
 - Fast turn-around with a top speed of **55 km/h**
 - Full charge in just **4 h 30 min ± 10 min**
 - Peak power of **8 kW**
 - Peak torque of **42 Nm**
 - Dust and waterproof IP67 rated motor
 - Off-board charger with **3 years** warranty and IP67 protection
- (*Battery meets AIS156 safety standards)

- Many **convenient features** for the driver
 - Remote monitoring of vehicle **range** and **fuel** economy
 - Attention alerts of charging status
 - Easy navigation

- Dust and waterproof **IP67** rated motor

R For Range

- Typical driving range of **150 km[†]** in just one charge
- Certified range of **167 km[†]** depending on driving conditions

- Performance which meets driver's needs
- Better range in **economy mode**
- Better performance in **boost mode**

E for Easy ride and comfort

- Longest wheelbase in the category at **2073 mm** allowing more stability and legroom
- **Hill Hold Assist** makes driving uphill easier

- Large overall dimensions (**2769 mm x 1350 mm x 1750 mm**) for driver & Passenger comfort
- Best-in-class leg and shoulder room for driver and passengers
- Ground clearance of **142 mm** (unladen)
- Turning radius of **2.9 m**
- Spare wheel and jack available
- **Road-side assistance** to help you anytime, anywhere
- Bright **cabin lights** which improves cabin visibility at night

- Lightweight steel space frame which gives more strength with less weight
- Strong **metal body** which gives more strength

- **12°** gradeability makes every climb easy

0 for OPECO i.e. savings

- Savings up to **₹1.2 lakh**** every year compared to CNG
- Savings of **₹ 6 lakh in 5 years**
(Calculated based on current fuel cost and driving 175 km per day. Terms and conditions apply)
- **5 Years/120000 km** Warranty
